

CALLIOPE

by Marcel Wanders

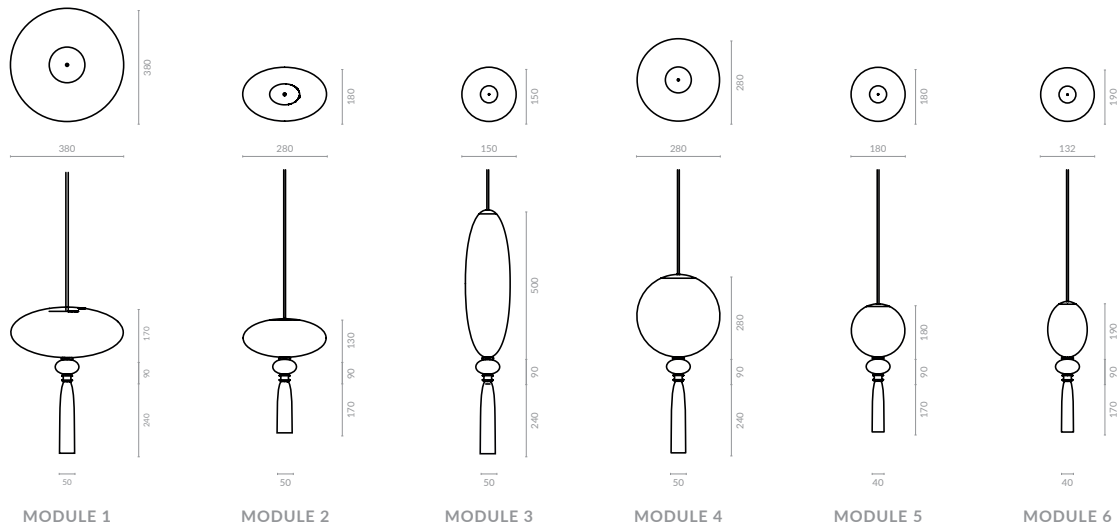

BIOGRAPHY

Regarded by many as an anomaly in the design world, Marcel Wanders has made it his mission to “create an environment of love, live with passion and make our most exciting dreams come true.” This work excites, provokes, and polarises, but never fails to surprise for its ingenuity, daring and singular quest to uplift the human spirit, and entertain. Marcel Wanders’ 27 years of design are celebrated in some of the most renowned art and design museums, including Centre Pompidou FR; Cooper-Hewitt National Design Museum, US; Metropolitan Museum of Art, US; Museum of Arts and Design, New York, US; Museum of Modern Art, US; Pinakothek der Moderne, Munich, DE; Stedelijk Museum, Amsterdam, NL; Oita Prefectural Art Museum, JP among others.

CONCEPT

Inspired by Japanese calligraphy and created from hand blown Murano glass, the floating, illuminating pendants will have an adaptable design that can expand to create full ceiling and room installations as either clusters or as a single element. From overhead, it captures attention as it inspires the imagination. Marrying an element of ancient Asian culture with free moving parts has resulted in a product that embodies both classic and contemporary design.
