WONDERGLASS

NIGHT FLOW[T]

by Nao Tamura

The reflections of the Venetian cityscape glisten and the evening water hints at an imaginary city below the moving surface. There is a border between the world under and the land above. In the city of Venice, where the real world and fantasy coexists, this chandelier is the embodiment of the beauty of dual worlds.

Limited edition of 99 + 4 Prototypes + 2 Artist's Proof for each piece
