WONDERGLASS

Dune is inspired by the desert: mutable, mesmeric. The two faces defining the collection's character are seen in conversation, melting together via the Incalmo fusing technique. The result is a play in confluences: the rich variegation of glass colours and textures, the cold perfection of LED light source, and the roughness of fastening belts holding everything together.

## MATERIALS

Cast glass

## DIMENSIONS

A | L 565 x H 590 MM

C | L 610 x H 550 MM

## LIGHT FITTING

Bridgelux COB LED | 350 lm | 3000K |

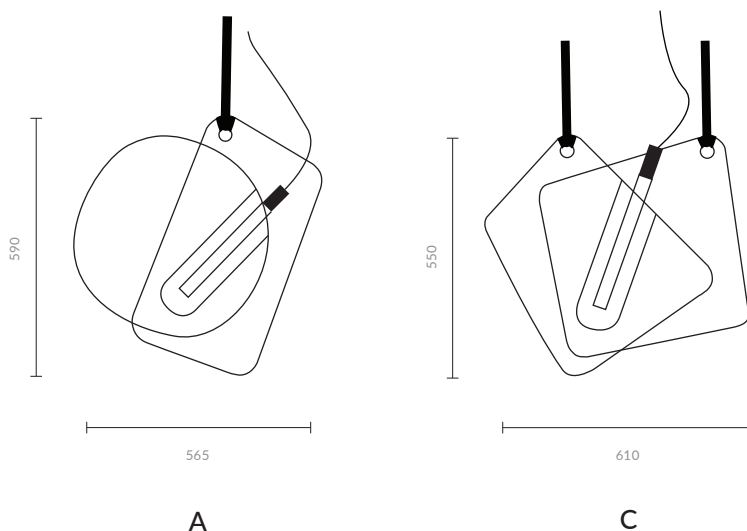

Dimmable | 3W | CRI>80 | 350mA

## COLORS

Mod A | Crystal

Mod C | Crystal

Fastening belts | Black
