WONDERGLASS

Minosse C Table takes inspiration from archaeological sites across the Mediterranean, where the landscape is shaped by human will yet gradually surrendered to the passage of time. Crafted from multicoloured float cast glass blocks, the piece restages this duality – the absolute and the variable, the enduring and the ephemeral – as solid linearity slowly gives way to a ruin-like form. The table transforms architectural memory into a sculptural object, reflecting the tension between permanence and decay through meticulous glass craftsmanship.

Limited edition of 8 units + 2 prototypes + 2 artist proofs.

MATERIALS

Float cast glass

COLOURS

Multicolour

DIMENSIONS

W 1200 x D 750 x H 450 MM
